Apply online

Once you've started your application you can save your form and complete it later.

If you're applying with family members, each person must have their own application and pay the fee. They need to attend their own appointment at a visa application centre.

You can apply on behalf of your partner and child, if they cannot apply for themselves.

Select a country to provide your biometrics

选择您的所在地

To complete your application, you must provide your biometrics (fingerprints and a facial photograph) unless the route you are applying on does not require them, for example you are exempt from immigration control. This usually means attending a visa application centre (VAC).

You must choose the country where you want to provide your biometrics. This will usually be the country you are in now. If there is no VAC in your chosen country, you can choose an alternative location.

If you cannot provide biometrics at any location, or the route you are applying on does not require you to provide them, you should still choose a location. We will then tell you what to do next.

Check available visa application centre locations

! To check the availability of services at your preferred application centre you can find more information by visiting the website of our commercial partner [VFS Global](#) who operates our centres around the world.

You can find all VAC locations by checking the ['Find a visa application centre'](#) page on GOV.UK. They are also listed on our commercial partners' websites.

Once you have confirmed your location you will not be able to change it.

There may not be a VAC in your preferred location. Try an alternative location if this is the case.

You must select a location even if you believe you are unable to provide your biometrics at any location.

I have identified the location I will submit my application and provide my biometrics, if required for the permission I am applying for (or I am unable to provide my biometrics at any location).

I want to choose a different location.
